

Lakeshore Athletics Spectator Policy

Lakeshore School shares a common spectator policy with all schools within our middle school athletics (CMLSAA) division.

This year Lakeshore will be maintaining these spectator expectations and conditional attendance policies for spectators to support a positive and safe environment for our student athletes.

Lakeshore Students:

- Lakeshore students will be able to view the first home game (4:30 PM start) without parent/guardian supervision.
- Once the first game is complete, school administration will assist in ensuring all Lakeshore students without a parent/guardian leave the building.
- Lakeshore students will need to be directly supervised by a parent/guardian if they would like to stay and/or return at any point after the first game is complete. Parents / guardians cannot assume responsibility for large groups of students.
- While in attendance, Lakeshore students are expected to be in the gym watching the game(s) and supporting all players/coaches/referees/parents/guardians in a positive manner. Any student who is not meeting the [CBE Student Code of Conduct](#) will be escorted out of the gym and school and may lose future viewing privileges.

Parents / Guardians:

- All parents/guardians are welcome to attend all games at Lakeshore School.
- Parents/guardians who bring family members under the age of 18 are expected to supervise their child(ren) in the main gym.
- All parents/guardians are expected to cheer/support all players / coaches / referees / parents / guardians in a positive manner.
- If parents/guardians are engaging in any inappropriate behaviour directed towards players/coaches/referees/parents/guardians, the game will be paused and the parent/guardian will be asked to stop. If the inappropriate behaviour continues, the game will be stopped again and will not re-start until the parent/guardian leaves the gym and school property. If removed, the parent/guardian may lose future viewing privileges at Lakeshore.
- Our main goal is to provide a safe and fun opportunity for students.
- Always remember:
 - The players are kids.
 - The coaches are volunteers.
 - The referees are human.
 - There will be no scholarships or professional contracts handed out

Students from other schools (non-players):

- Students from other schools who are not accompanied by a parent/guardian who stays for the duration of the time the student is in the building are not permitted to watch the game at a visiting school - no exceptions.
